Closing the cybersecurity skills gap – Microsoft expands efforts to 23 countries	<p>Cybersecurity continues to be a significant threat for governments, businesses and individuals around the world. From supply chain disruptions to ransomware attacks, cybercriminals have become increasingly sophisticated and the threat landscape more diverse. These cybersecurity challenges are compounded by a workforce shortage; there simply aren't enough people with the cybersecurity skills needed to fill open...</p><p>The post Closing the cybersecurity skills gap – Microsoft expands efforts to 23 countries appeared first on The Official Microsoft Blog.</p></p>	2022-03-23T12:00:05	200

Evolving Microsoft Partner Network programs for partner growth and customer success	<p>The Microsoft Partner Network is comprised of more than 400,000 global organizations and these partners are essential to how Microsoft delivers innovative products and services to customers around the world. This deep relationship between Microsoft and our partners spans more than 30 years, and in that time frame our partners have provided unique solutions across...</p> <p>The post rel='nofollow' href='https://blogs.microsoft.com/blog/2022/03/16/evolving-microsoft-partner-network-programs-for-partner-growth-and-customer-success/'Evolving Microsoft Partner Network programs for partner growth and customer success appeared first on rel='nofollow' href='https://blogs.microsoft.com/'The Official Microsoft Blog.</p>	2022-03-16T15:00:14	200
Great expectations: A road map for making hybrid work work	<p>As organizations around the world make the definitive shift from remote to hybrid work, one thing is clear: the people who went home to work in 2020 are not the same people returning to the office in 2022. There's no erasing the experience of the last two years and employee expectations are higher than ever....</p> <p>The post rel='nofollow' href='https://blogs.microsoft.com/blog/2022/03/16/great-expectations-a-roadmap-for-making-hybrid-work-work/'Great expectations: A road map for making hybrid work work appeared first on rel='nofollow' href='https://blogs.microsoft.com/'The Official Microsoft Blog.</p>	2022-03-16T08:58:48	200

Working toward a net zero future: Evolving our work with energy companies	<p><p>Today we shared an update on our 2021 progress against our sustainability goals. It's been a year of progress and learning. Our commitment to climate extends to our broad ecosystem of customers, partners, and suppliers too. This includes those customers within the energy industry. We believe that technology has an important role to play in...</p> <p><p>the >the="" >working="" <a="" a="" a>="" a>.<="" appeared="" blog<="" companies<="" energy="" evolving="" first="" future:="" href="https://blogs.microsoft.com/" microsoft="" net="" official="" on="" our="" p="" p><="" post="" rel="nofollow" toward="" with="" work="" zero=""> </p><p>the></p>	2022-03-10T13:30:15	200
An update on Microsoft's sustainability commitments: Building a foundation for 2030	<p><p>Today Microsoft released its annual sustainability report, offering a comprehensive look at our progress in 2021 to becoming a carbon negative, water positive, zero waste company by 2030. When we announced our climate commitments in January 2020, we also committed to transparency in sharing our learnings. This year's report includes several important lessons, and our...</p> <p><p>the >an="" >the="" <a="" 2030<="" a="" a>="" a>.<="" appeared="" blog<="" building="" commitments:="" first="" for="" foundation="" href="https://blogs.microsoft.com/" microsoft="" microsoft's="" official="" on="" p="" p><="" post="" rel="nofollow" sustainability="" update=""> </p><p>the></p>	2022-03-10T13:30:04	200

Typing Less, Coding More: How we delivered IntelliCode whole line completions with a transformer model	<p>Introduction</p> <p>Great code completions make you more productive while composing your code. Visual Studio 2022 now automatically completes C# code up to a whole line at a time, using a rich knowledge of your coding context. We have also released the IntelliCode Completions extension in Visual Studio Code (VSCode) to speed up coding in Python/TypeScript/JavaScript.</p> <p>The post rel='nofollow' href='https://devblogs.microsoft.com/visualstudio/typing-less-coding-more-how-we-delivered-intellicode-whole-line-completions-with-a-transformer-model/'Typing Less, Coding More: How we delivered IntelliCode whole line completions with a transformer model</p> <p>appeared first on rel='nofollow' href='https://devblogs.microsoft.com/visualstudio/'Visual Studio Blog</p>	2022-02-16T12:00:48	200
Visual Studio 2022 17.1 is now available!	<p>Today, Visual Studio 2022 17.1 graduates from preview and reaches general availability. Feedback from developers like you have helped us shape and refine Visual Studio 17.1 through its preview cycle and we'd like to thank you for your part in Visual Studio's journey.</p> <p>The post rel='nofollow' href='https://devblogs.microsoft.com/visualstudio/visual-studio-2022-17-1-is-now-available/'Visual Studio 2022 17.1 is now available!</p> <p>appeared first on rel='nofollow' href='https://devblogs.microsoft.com/visualstudio/'Visual Studio Blog</p>	2022-02-15T13:17:25	200
